Portfolio

SUMMARY

Full-stack developer skilled in the MERN stack with hands-on experience building scalable web applications. Strong in implementing JWT-based authentication, integrating third-party APIs (like Stripe, Firebase), and optimizing database performance using Redis. Passionate about problem-solving and creating efficient, user-friendly systems.

EDUCATION

Ramachandra College of Engineering, Eluru

2022 – 2026

B.Tech in Artificial Intelligence and Data Science

TECHNICAL EXPERIENCE

- Implemented JWT and Google OAuth authentication, reducing login errors by 30% and improving user retention.
- Optimized MongoDB queries with indexing, cutting database response time by 40%.
- Integrated Redis caching, decreasing average API response time from 250ms to 120ms.
- Integrated Stripe payment gateway, increasing successful transactions by 25%.

PROJECTS

- E-Commerce Platform (MERN Stack)** [↗](#) *August 2024*
Built a full-stack e-commerce app using React, Node.js, MongoDB, Redux and Redis.
 - Implemented secure JWT-based authentication and role-based authorization.
 - Integrated Stripe for handling payments and Firebase for real-time notifications.
- Real-Time Chat Application (MERN + Socket.IO)** [↗](#) *January 2025*
Developed a full-stack chat app with real-time messaging and user authentication.
 - Implemented one-to-one and group chat features using Socket.IO.
 - Used JWT for authentication and MongoDB for storing user and chat data.
 - Added real-time notifications for incoming messages and chat updates.
 - Designed responsive frontend with React, Context API, and Tailwind CSS.
- MERN Registration System with JWT** [↗](#) *March 2025*
Developed a secure registration and login system.
 - Used Express, MongoDB, and React to create a responsive, secure auth flow.
 - Stored tokens in HTTP-only cookies to prevent XSS attacks.

SKILLS

- Languages:** JavaScript, Python, C
- Frontend:** HTML, CSS, React.js, Bootstrap
- Backend:** Node.js, Express.js
- Databases:** MongoDB, MySQL, Redis
- Tools:** Git, GitHub, Postman, VS Code, Jupyter Notebook
- Others:** JWT, Stripe, Firebase, Redux

CERTIFICATIONS

- Full Stack Web Development – Coursera, 2023
- Machine Learning Specialization – Coursera, 2024
- React Basics – Meta (Coursera), 2024
